## Church on the Promised Land Survey

June, 2008

The Building Committee is beginning the programming stage for designing our Master Plan for the Church on the Promised Land. As a first step in that process we have designed a survey for all church members. It is very important that we receive completed surveys from as many members of the congregation as possible. We have found that if surveys are handed out to be filled out later many of them are never returned. Therefore, we ask that you fill the surveys in **now** and turn them in before you leave.
